- i) less than 3 years old;
- ii) Intel i3 (or better) processor;
- iii) 8 GB of RAM (minimum); and
- iv) capable of running Windows 10

USB Flash Drive (min. 16 gigabytes)

External portable hard drive (min. 1 terabyte)

Resources: Textbook list will be emailed out in June.

Program highlights: Low student-teacher ratio, up-to-date curriculum, 10-week on-the-job training, learning pathways to Bachelor credentials (including UPEI Computer Science), and excellent post-program employment statistics.

The course listing can be found on our website:

<https://www.hollandcollege.com/programs/computer-information-systems.html>

Note: To best leverage faculty expertise, some CIS courses are delivered via video conferencing. This technology also exposes students to practices that are currently being used in industry.
