

## Students currently living in Canada (but outside of the Atlantic Bubble)

Follow these steps:

1. Contact Julia at [julia@hollandcollege.com](mailto:julia@hollandcollege.com) to get instructions on completing the required Holland College Pre-Travel Approval form.

Once you complete this form you will receive (within 5 business days) a “Letter of Permission to Attend” (PTA). You will be REQUIRED to provide a copy of this letter upon entry into the province and without it you will be rejected entry by the Government of PEI.

2. You MUST also complete the Government of Prince Edward Island’s Pre-Travel Approval form

<https://services.princeedwardisland.ca/en/service/apply-travel-approval#/home/GenericWebformSubmission/GenericWebformSubmission>

The details on how to complete the form and further information regarding entering PEI can be found at

<https://www.princeedwardisland.ca/en/information/justice-and-public-safety/pre-travel-approval-process>

\*The Government of PEI is in the process of arranging your 14-day self-isolation plan including accommodations, transportation, food, security, internet/wi-fi. When arriving in Prince Edward Island (either by vehicle or by air) you will be directed to go immediately to the pre-planned self-isolation location; this detailed information will be provided to you in the coming weeks. Only those who complete the Holland College online Pre-Travel Approval form will receive this information. For those whose program starts during the first week of September, it is expected that you will arrive in PEI between August 16, 2020 and September 1st, 2020. For those students who have a program with a later “Blended/Face to Face” start date, we are advising that you arrive 14 days prior.

\*\*Failure to follow the Provincial and Federal Government guidelines will result in you not being able to arrive in PEI and may cause the inability to attend Holland College classes this fall.
