

Distance Students who are currently living outside of Atlantic Canada (both within Canada and in another country)

You are not expected to arrive in Prince Edward Island until your program delivery changes to a Face to Face delivery method; for most Distance programs this date is January 2021.

- Only students who receive a “Letter of Permission to Attend” will be permitted to enter the province of Prince Edward Island due to COVID-19 travel restrictions set in place by the Government of PEI.
- More information on how to receive your “Letter of Permission to Attend” from Holland College will be provided at a later date, closer to the date in which your program will move to a Face to Face delivery method (January 2021)
- All distance students will be provided with updates during the first semester on what they must do to be eligible to enter PEI for the January 2021 Face to Face classes.

Below are some very important websites that you may want to familiarize yourself with so that you have the most recent up to date travel restriction information from both the Province of Prince Edward Island and from the Government of Canada.
