

## ELECTROMECHANICAL TECHNOLOGY

### **Congratulations and Welcome to the Electromechanical Technology Program**

*COVID-19 Information: First semester of your trades program will be a blended delivery approach. Practical components will be delivered face-to-face at the campus in your program's shops. Social distancing, frequent hand-washing, and other COVID-19 protocols are in place at all campuses. The theory portion of your program will be delivered via online/distance. You will require a computer and a good internet connection for the online/distance part of your program. For details on the minimal technical requirements for online/distance learning at Holland College, please visit <https://www.hollandcollege.com/technical-requirements-for-blended-and-distance-learning.html>*

*Schedules are in the process of being finalized but as a general rule practical training will be full days on campus, theory will be full days off campus via remote delivery. We will share the schedule as soon as it is completed. To support any students travelling from outside the province who may need to self isolate, programs will accommodate you through distance delivery for the first two weeks of classes (September 1-14). Students that do not need to self isolate in the first two weeks are encouraged to attend practical training class days. If the current directive of self-isolation from the PEI Chief Public Health Office changes between now and September 1, students will be advised of changes by Holland College.*

*If you have any specific questions about COVID-19, please email our student Experience Team at: [student-inquiries@hollandcollege.com](mailto:student-inquiries@hollandcollege.com)*

**Instructor Contact Information:** Keith Arsenault  
902-888-6739  
[karsenault@hollandcollege.com](mailto:karsenault@hollandcollege.com)

**Program Secretary:** Ruth Rundle  
902-888-6448  
[rsrundle@hollandcollege.com](mailto:rsrundle@hollandcollege.com)

**Start Date & Time:** September 1, 2020 at 9:00 a.m.

**Location:** Waterfront Campus, 98 Water Street, Summerside  
Room #203

**Christmas Break:** End of Semester 1 - December 11, 2020  
Start of Semester 2 - January 6, 2021

**February Break:** February 22 – 26, 2021

**Easter Break:** April 2 – 5, 2021

**End of Semester Two:**

April 23, 2021

**Required materials that can purchased in advance:**

- Steel- toed boots
- Safety glasses
- Calculator with scientific notation (recommended Casio FX-991)

**Tools:**

You may have tools that will meet the requirements of the program. Allow \$400 for tool purchase (if all required). Tool requirements are explained during your orientation in September.

**Program Highlights:**

The Electromechanical Technology program is a two-year program that covers the three broad areas of electrical, mechanical, and instrumentation/control. We reinforce theory with “hands on” training in electronics, motors, generators, electrical control systems, instrumentation, motion control, programmable logic controllers, hydraulics, pneumatics, mechatronics, industrial mechanics and machine shop.
