This document sets out our policy and response protocol to sexual violence and ensures that those who experience sexual violence are supported and their rights respected, that the College has a process of investigation that protects the rights of individuals and holds individuals who have committed an act of sexual violence accountable.

## **Holland College's Statement:**

- 2.** Sexual violence is unacceptable and will not be tolerated. We are committed to challenging and preventing sexual violence and creating a safe space for anyone in our College community who has experienced sexual violence. The College is expected to be a safe and positive space where members of the College community feel able to work, learn and express themselves in an environment free from sexual violence.

All reported incidents of sexual violence will be investigated to the best of the administration's ability and in a manner that ensures due process. It is this policy's intention to make individuals feel comfortable about making a report in good faith about sexual violence that they have experienced or witnessed.

We recognize that sexual violence can occur between individuals regardless of sexual orientation, gender, and gender identity or relationship status as articulated in the Prince Edward Island Human Rights Code. We also recognize that individuals who have experienced sexual violence may experience emotional, academic or other difficulties.

- 3.** We are committed to:

- 3.1** assisting those who have experienced sexual violence by providing options, including detailed information and support, such as provision of and/or referral to counselling and medical care, information about legal options, and appropriate academic and other accommodation;
- 3.2** ensuring that those who disclose that they have been sexually assaulted are supported, and that their right to dignity and respect is protected throughout the process of disclosure, investigation and institutional response;
- 3.3** addressing harmful attitudes and behaviours (e.g., adhering to myths of sexual violence) that reinforce that the person who experienced sexual violence is somehow to blame for what happened;
- 3.4** treating individuals who disclose sexual violence with compassion recognizing that they are the final decision-makers about their own best interests;
- 3.5** ensuring that on-campus (internal) investigation procedures are available in the case of sexual violence, even when the individual chooses not to make a report to the police;

- 3.6** engaging in appropriate procedures for investigation and adjudication of a complaint which are in accordance with College policies, standards and applicable collective agreements, and that ensure fairness and due process;
- 3.7** ensuring coordination and communication among the various departments who are most likely to be involved in the response to sexual violence on campus;
