#### 1. Holland College Quality Policy:

Holland College will meet its vision, mission and values by:

- committing to a structured Quality Program that satisfies the requirements as outlined in ISO 9001:2015;
- involving industry /business in both the development and evolution of our training programs and courses;
- ensuring that programs and services are designed and implemented with a commitment to meeting customer requirements;
- ensuring staff are highly qualified through ongoing recruitment, development and training;
- developing and delivering training that emphasizes Competency Based Education principles;
- ensuring that standards are maintained and improved by active monitoring, reviewing and improving all activities;
- ensuring that College processes are designed and implemented to address risk and opportunities;
- ensuring the College environment is a place where improvement initiatives are encouraged and welcomed; and
- ensuring that measurable and realistic quality objectives are established annually, communicated to all staff, and evaluated, reviewed and revised (as needed) on an on-going basis.

## 2. **Holland College Vision:**

Inspiring Today. Creating Tomorrow.

## 3. **Holland College Mission:**

Empowering diverse, student-focused learning, strengthening communities, and supporting future prosperity.

## 4. **Holland College Values:**

- ***Innovation***

We believe in being ahead of the curve. Seeing what's coming down the line and ensuring our students, faculty and staff have access to the latest techniques, trends, and technologies.

- ***Applied Learning***

We have a rich history as the provincial community college for Prince Edward Island. We honour that legacy as the applied learning institute by ensuring the skills and applications we offer prepare students to be leaders in their chosen fields.

- ***Inclusion***

When we acknowledge and celebrate our differences, we strengthen who we are. Holland College strives to offer a welcoming and safe environment for all who come through our doors.

- ***Engagement***

We want every student, faculty, and staff member to feel heard, included and inspired. We encourage continuous learning, teamwork, and open communication. Our college is part of our greater provincial community and we will continue to be an active member of all communities we operate in.

- ***Environmental Responsibility***

Our decisions today impact the communities we operate in and their future. We aim to reduce our footprint and reconnect with nature.

- ***Inspiration***

We embrace the responsibility to inspire and guide students toward their future careers and life paths.
